EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Marilyn Khorsandi on 4/26/07.

The application has been amended as follows:

Claim 1, line 19, the phrase "make and model" has been replaced with – scale configuration information --.

Claim 1, line 21, the word "adapted" has been replaced with – configured --.

Claim 13, line 13, the word "adapted" has been replaced with – configured --.

Allowable Subject Matter

Claims 1, 3, 5, 7-11 and 13-17 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 1, 7 and 13 recite a very specific method of using a digital scale. It is important to note that the steps sequentially build on each other. For example in claim 1, instructions are sent according to information previously received about the scale configuration. Carroll et al. (us patent 6,356,882) shows the closest prior art by having a digital scale at the client being controlled by active X automation. However, the interaction between the web server and the client are different. The examiner believes

Art Unit: 3627

that it would be hind-sighted to try to modify the Carroll reference to meet the limitations of the current application claims. Claims 3, 5, 8-11 and 14-17 are dependent upon claims 1, 7, and 13.

The "iShip.com raises \$3.4 million from Draper Fisher Jurvetson, Intel Corp. and United Parcel Service" shows, from the IDSs, a NPL reference of interest.

The INFOSPINNER, Inc reference, WO 97/40617 shows, from the IDSs, a foreign reference of interest.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
